

SCUSD
High School Specialty Program
Enrollment Information

2023-2024

CKM Fast Facts:

- CKM is the LARGEST Comprehensive High School in Sacramento with close to 2,500 students.
- CKM is the OLDEST High School in SCUSD, established in 1937.
- Our mascot is Leo the Lion
- Our school colors are **cardinal red** and white.
- CKM is the most diverse high school in the city.
- CKM is on the Register of Historic Places.
- There are 5 Specialty Programs @ CKM; ROTC, CJA, LPPA, HISP, and VAPA.
- CKM offers ALL CIF sports teams, and won almost every Metro League championship last year!

Tonight's Schedule

5:30-5:50	Principal Egan	Auditorium Overview of Open Enrollment Process
6:00 – 6:20	Session 1	Academy Rooms
6:30 – 6:50	Session 2	Academy Rooms

Neighborhood School

- Students who live within the boundaries of a particular high school have automatic enrollment rights to the school's GENERAL PROGRAM, and will “roll” into this school if no other actions are taken.
- Parents do not have to go through any particular process to enroll in their neighborhood high school general program.

Specialty Programs

SCUSD has a variety of specialty programs and schools, including Small High Schools.

CKM has FIVE Specialty Programs:

Criminal Justice Academy

Jr. Air Force ROTC

Law and Public Policy Academy

Humanities and International Studies Program

Visual and Performing Arts Program

Open Enrollment Application

- Open Enrollment allows a student to apply for up to 2 Specialty Programs
- Goes live **October 30th. Closes November 17th.**
- Application:
<http://www.scusd.edu/hsapplication>
- Open Enrollment does not allow students to apply for a school's general program.

SchoolMint

- SCUSD has a new application interface called SchoolMint. SchoolMint is a streamline online application portal. SchoolMint will be accessed at the above link when live.
- Parent/guardians will create an account on SchoolMint and then add their student(s) using their name(s), date of birth, and student ID number. SchoolMint pulls in info from Infinite Campus to verify this information.

O.E. Application Choices

- Open Enrollment allows students to select up to 2 Specialty Programs.
 - If you get your 1st choice, you will not go into the lottery for choice 2
 - If you don't get your 1st choice, you go into lottery for 2nd choice.
 - If you get your 2nd choice, you are not placed on a waitlist for choice 1
 - If you really only want one program, only choose 1 option.
- To be entered into the lottery for any selected program, students must meet the required criteria, if there is a specified criteria.

Criteria vs. Non-Criteria Specialty Programs

- There are two CKM Specialty Programs that require criteria. Students need to take action in meeting this criteria through an additional step in the application process:
- VAPA requires portfolio submissions via Google Drive
- HISP has a self-nomination survey built into SchoolMint
- The VAPA portfolio instructions and HISP form will be accessed within the SCUSD School Mint application.

Dual Enrollment

Specialty Programs seats are filled with students who submit applications to SCUSD during the Specialty Program application window, October 30th - November 17th. Applicants must also meet specific requirements delineated by each program. The district holds a lottery for available seats if there are more applicants than seats.

After Specialty Program seats have been filled through SCUSD's lottery process with qualified applicants and all waitlist students have been admitted, seats may be available for those interested in dual enrollment to more than one academy. For example, if seats remain in VAPA, students in another Specialty Program may inquire with the CKM VAPA department.

Important Dates

- High School Specialty Program Application Period Monday, October 30th, 2023 through Wednesday, November 17th, 2023.
- Notifications of acceptance into chosen programs generally occurs mid-January.
- Be sure to read all instructions from SchoolMint once notified of lottery results.

Important Notes

- Encourage students to choose the program that meets their needs/interests. Visit, research, ask questions.
- Read each website and program requirements carefully.
- Be sure to apply online beginning October 30th for Specialty Programs.

9th Grade Teaching Teams

To strategically support incoming 9th grade students, SCUSD comprehensive high schools have “teamed” 9th grade teachers to share common students in core subject areas. This is a research-based effort to support student outcomes in academic performance, on-track graduation progress, and on-track CSU/UC A-G progress. Some of the immediate benefits are:

- Collaboration
- Connection
- Targeted Skill Development
